Get the Facts

The **Norfolk Builders Exchange** orders blueprints directly from architects/engineers, typically without paying a deposit, and houses them for members to view or check out.

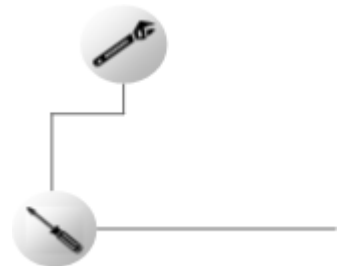

Members are able to schedule a time to view plans in-house or check them out for a 24-hour period.

General contractors/sub-contractors that are awarded the bid may schedule a time to pick up the blueprints and spec book to keep for their use.

Just \$120 a year for Chamber members OR \$170 for non-Chamber members (new members are pro-rated based on months.) Renewal billing is done each April. All extra fees are due at this time, as well.
