WOMEN EMBRACING BUSINESS

Woman of the Year
NOMINATION FORM
Marlene Ahrenholtz Achievement Award

The Women Embracing Business of the Norfolk Area Chamber of Commerce is organized to encourage involvement and leadership by business and professional women through networking and education. Since 2002, WEB has been recognizing and honoring outstanding women for their contributions to business and the community. WEB's Woman of the Year award is given in honor of Marlene Ahrenholtz. Marlene was a mother, a mentor, and a motivator. A humble leader who saw the best in people; she guided, coached, and encouraged women throughout our community. Marlene was involved in many activities and groups, including the Chamber of Commerce, Rotary, her church, and more. She was a strong role model for anyone she met, even during her battle with cancer.

Marlene Ahrenholtz' s leadership skills and professional achievements continue to this day and serve as impeccable standards in the business arena.

WEB's Woman of the Year should reflect these qualities, and women living and working in Northeast Nebraska are eligible for nomination.

- Trailblazers
- Community Leaders
- Motivators
- Mentors
- Encourage, Love, Teach, Support and Guide others just as Marlene Ahrenholtz did many years ago.
